PFEIFFER'S FEED & SEED

 Purina... HOLBROOK

Last Will and Testament

I, DIRK BARNETT, being of dazed mind and staggering body, will to the following people:

To Merrill Stagemeyer and Jerry Hilker, I will the ability to make the best out of State Convention—even in the hotel rooms.

To Tim Driskill, I will the ability to keep my mind out of the gutter. He needs it worse than I do.

To Tim Carlson, I will my support of finding out something we never did and also the skill of being able to drive home after a long road trip.

To Mike Meyerle, (PJ), I will my dog, Charlie; maybe he can make him more satisfied.

To Rhonda and Darren Huxoll, I will the knowledge of the best brand of tractors and motorcycles.

To Scotty Mock, I will my welding helmet and outstanding reputation in other towns.

And finally to my classmates, the Senior Class of 1983, I wish the best of luck and a successful future.

I, META DIJKSTRA, being of slim body and American mind, will the following precious items and memories to these persons:

My weight, I will to Jim Kent and Matt Vonderfecht. They can use a little more fat.

My appreciation for food, I will to Rhonda and Jeff Schaben. They don't know what pleasure they are missing.

The clothes I outgrew, I will to Sandy.

My ability to lose 5 pounds, I will to Mr. Watkins.

My ability to drive straight on a road, I will to Sandra.

The "acceptance" of people who are "different", I will to Sandy, Sandra, and Rhonda.

I will my shyness (at certain times) to Justin.

My ability to accept teasing, I will to Angie, who will need that in the coming years.

The underwear Sandy, Sandra, and I "borrowed" from a certain clothes line, I will to Rhonda.

My easy, slow pace, I will to my sister Sandy, who is always in a hurry.

My capability to avoid always being blamed to Merrill, he has had such a rough time this year.

My capability of speaking German, French, Dutch, and Spanish, I will to Lisa because she's interested in them and we had good times in Spanish.

The good, long conversations I had with Mrs. Votaw, I will to Robert Shepherd.

The private (food) jokes and stomach-conversations I had with Sandra, I will to her in remembrance.

My talent to sing in the house, I will to Sandy, who always appreciated it so much.

As neat a senior year in HHS as I had, I will to Angie, because she also has to put up with only boys in her class.

I'm glad I made so many friends and that you all gave me such a terrific year. Thank you so much.

I, JIM KENT, being of confused mind and broken body, bequeath the following items to the following people:

I will all the road trips, water skiing, parties, and various activities from the past 3 years, to Merrill Stagemeyer. I hope he keeps up the good work.

To Mr. Watkins, I will my ability not to be so serious all the time.

To Pat Maline, I will Justin Glanzer, so the two of them can always be together.

To Sandra Andrews, I will all the discarded brooms in the world, just incase she needs a spare.

To Merrill, I also will my ability to fix my own vehicle when I tear it up.

To Rob, I give my ability not to incriminate myself when telling stories.

To Schro, I will my ability on tests and my ability to get my work done on time. He can give them to someone who will do it.

To Tim Carlson, I will my strenuous schedule and my pattern of always being on time.

To Tim Driskill, I will my jumping ability so he can stuff one next year.

To the sophomore and Junior classes, I will all of mine and Rob's tricks, to be pulled on Mrs. Schroeder, of course.

To Mr. Peterson, I will my ample humility. Use it wisely.

To Rhonda, I give my ability to not to need to be followed home after a rain shower, blizzard, or whatever.

To next year's chemistry class, I will all the basketball, baseball, and tennis games that Mrs. Petefish never knew about.

To Bub, I will my ability to go for more than 2 seconds without uttering some sort of disturbing noise.

I will my ability to play in pain, to all future girl athletes in HHS and HJHS.

To Sandy Glanzer, I will those occasional days when I'm in a bad mood. We all know she never is.

To Lisa Glanzer, I will my pure mind and body, since her's is gradually decaying away.

To Meta, I will Mr. Schroeder. If she ever tires of being poster child for the "Save the Whales" society, he can partially fill her shoes.

To next years Physics class, I will my attendance record. I never show up more than 2 times a week.

To Jerry Hilker, I will enough new tables to replace the broken ones in various motels. Also to Jerry, I give my height. May he use it better than I did.

Lastly, I will all the fun I've had at HHS to anyone who thinks they can keep up the tradition.

I, ROBERT SHEPHERD, being of warped mind and questionable body hereby bequeath the following:

To Sandra, all newspapers, magazines, and pencils that could be used to strike someone on the head.

To Mr. Schroeder, I will all the duties of a poster child--I over qualified.

To Matt and Keith, the will power to stick with FHA. Guys belong there, too.

Also to Matt, my drumming capabilities. Put them to good use.

To Sandy, I leave my remarkable way of always getting home on time.

To Angela, a robot to bug you as much as I do.

To Lisa, I legate the part of my brain you want for Physics and Advanced Math.

I will my love of Heavy Metal to anyone who can carry it on.

To Darren, I leave my football uniform, since it won't fit anyone else.

To Mrs. Votaw, I will my ability to understand the computer, even when it refuses to work.

Along with this, I bequeath my quasi-brilliant programming mind and phenomenal persistance to anyone in need of a good laugh.

To Jim, I leave all of the memories of out tenis, river-running, and "The Last House on the Left."

To Mike and Merrill, a position on the B.D.at PRO.

I leave nothing to Tim Carlson, he already has all he needs.

To Mr. Watkins, I legate the Offical Holbrook High O.R. Ratings List.

To Matt, Pat, and Jeff Schaben, I would like to leave 3/4 of the Miller-KZMC Keg, but I don't think I'll find it.

I leave my KPKE sticker to anyone who wants such a classy item, or who can get it off my locker.

To all of my teachers, I will several million dollars to cover the psyschiatrists' fees.

To Trudee, I will my class ring, senior key, and my always exciting spirit.

To my friends and classmates, the seniors of 1983, I wish to will a world of luck and strength to go any where and do anything.

And finally, I leave to Pat my Levi's, SOI's, concert-tees, and Nikes that will forever roam the halls of HHS.
